This shows any Affiliates you have already created. You can use the Edit icon to make any needed changes to the Affiliate.

1. Click on New.
2. Enter the Affiliate name (it can be anything you want; it is only for internal use)
3. Enter the URL you want visitors redirected to when they enter your site using the Entrance URL.
4. Click the Save button at the top of the page

When you go into the edit area of an Affiliate, you can use the buttons at the top to change the setup, view the entries by day, registrations, and any purchases made on the site using that affiliate entry.
